## FROM GRADE 1/2M&Y - My Weekend

On my three days off, what you call a weekend, I went to MacDonalds after my parent teacher interview. I got two toys on that day. I went out for the rest of the day. On Saturday I stayed home with my dad. I was on my computer playing games. They were funny games. I got off the computer and played. Then it was my turn with my cat Mr. Sam. When I came out of the door I was struggling to pull Sammy along. I said he is way too fat. I got some very funny pictures of me and the cat. On Sunday I was back home with my Mum. I was glad to see Joe again because I hadn't seen him for two weeks. I was going to do a run up and jump upon him. Just when I was about to jump the cat jumped right in front of me and gave Joe a hug. By *Tabitha*

On the weekend my mum got out of bed really early. She went to a competition somewhere very far away and I was very sad that she did go. When she came back I really missed her very much. I even got some lollies when she got back. My brother got some too. It was yummy. By *Nicholas*
