Activity One: My Rainbow

All across the world at the moment, people have been drawing rainbows and sticking them in their windows. These have mostly been drawn by children, urging people to keep positive.

Create a rainbow picture to display in your window so that children can go rainbow spotting whilst out for walks. You must have the colours in the following order. I have given you a hint as to what colour they are in English with the colour's starting letter.

Chinese Colours	Colour's first letter in English
1. ^{hóng s è} 红色	R
2. ^{chéng s è} 橙色	O
3. ^{huáng s è} 黄色	Y
4. ^{lǜ s è} 绿色	G
5. ^{lán s è} 蓝色	B
6. ^{zǐ s è} 紫色	P

Please write the pinyin for each colour inside your rainbow! You can also add the Chinese character for cloud (云) on the clouds! Here is an example:

cǎi hóng
彩虹
