Our children's future in the very best of hands.

Friday 24th November 2023

PRINCIPAL'S REPORT

OUT OF UNIFORM DAY – FRIDAY 1ST DECEMBER

Dear Parents and Carers,

PRE-LOVED SCHOOL UNIFORM STALL

Our Parents and Friends will be holding a second-hand uniform stall on Tuesday 28th November between 8.45-9.30 AM. They will be set up at the front of the school. Please only take what you need so they can be shared around. An offer of a gold coin donation would be greatly appreciated. If you have any old uniforms lying around that your child no longer requires, we will happily take donations at the office on Monday.

PREP TRANSITION - TUESDAY 28TH NOVEMBER

We held our first 2024 Prep Transition Day last Tuesday. It was an overwhelming success with all students settling in well and enjoying exploring our classrooms and playgrounds. The next session will be on Tuesday 28th November from 9am – 10am. Our Prep/Foundation Transition Program aims to get children and parents familiar with our school facilities and meet the Prep teachers. They will experience fun, engaging learning activities that introduce them to the environment and structure of the school.

On Friday 1st December we are raising awareness and funds for Type 1 Diabetes as Speci has several past and current students who have Type 1 Diabetes. We ask that students who come out of uniform wear blue clothing or accessories as a blue circle is the global symbol for diabetes awareness. A gold coin donation for any student out of uniform would be greatly appreciated and funds raised will be donated to the Type 1 Foundation.

Type 1 diabetes can occur at any age, although most cases develop among children, teenagers, and young adults. Every year over 2900 children and adults are diagnosed with type One and approximately 1300,000+ Australians are living with T1. There is no means of preventing type 1 diabetes. It is one of the most common chronic diseases amongst children and Australia and has one of the highest rates of type 1 in the world. There is currently no cure.

Specimen Hill Primary School is committed to the Child Safe Standards

Tuesday 19 th December	Whole School	Fund Day at the Golden Square Pool – Free BBQ Lunch
Wednesday 20 th December	Whole School	End of Term 4 – 1:45 pm Dismissal

The Victorian Government is investing \$1.5 million from the Recreational Fishing License Trust Fund to provide up to 95,000 Little Angler Kits to primary school-aged children in Victoria.

The free kits provide a wonderful school holiday activity for children with their families and help ease the cost of living, providing a fun activity close to home.

Grade 5 students at all Victorian schools, including ours, will be offered the opportunity to receive a FREE Little Angler Kit. Grade 5 students have been selected based on the Victorian Curriculum focus, movement and motor development, and safety considerations.

The program is entirely voluntary. Schools were provided with the option to opt out of the program. Our school has opted to stay in the program so that parents can decide whether they want their child(ren) to receive a free fishing kit.

Parents of Grade 5 students can advise the school if they do not wish their child(ren) to participate for any reason whatsoever. We support parents in making decisions that align with their family values and beliefs.

The rollout of kits will occur through the second half of 2023 (16 October - 4 December) so that all participating children will have a kit in time for the summer school holidays.

The kits include a rod, reel with line, tackle tray, some tackle, and information on how to use them to catch a fish. Please note that the tackle tray includes fishing hooks. The tackle tray will be wrapped in cardboard and placed inside a pocket inside the fishing kit bag, which will be sealed with a cable tie to discourage students from opening their kits until they are with a parent or carer.

Kits will be handed out to students to take home with them as soon as the school receives them. Teachers will tell students not to open the kits until they are safely at home with a parent or carer, however, parents can contact the school and request to collect their kit from the school themselves if they prefer.

The Victorian Fisheries Authority will create a Little Angler hub on their website, which will be live when the kits start being distributed. It will have useful information, instructional videos, and online resources about where and how to fish linking to existing resources from Fish Care and new resources to be produced just for the Little Angler Kits program.

This initiative aims to grow recreational fishing participation in Victoria by actively encouraging primary school-aged children to learn how to fish, as well as learning more about marine life and the natural environment.
